Action for Children's Future 2026

Tokyo Metropolitan Government will create the society filled with children's smiles

- ◆ Children can grow up healthily and in their own way
- ◆ People in the whole society value children
- ◆ People can raise children with confidence

We will value the views of children as main characters

- ◆ We listen to children's views at their familiar places
- ◆ We listen to children's views through questionnaires
- ◆ The staff members of the Tokyo Metropolitan Government will visit elementary schools to provide lectures on various themes

Let's learn about the Tokyo Metropolitan Government Basic Ordinance on Children

* An ordinance is a set of promises by a local government

Children are members of society. Children have a number of rights. The Tokyo Metropolitan Government Basic Ordinance on Children was created to ensure that all of you can live

- ◆ Children are irreplaceable beings and main characters of rights
- ◆ Children's happiness should be prioritized
- ◆ Children's views should be respected
